

# **PSY100 Participant Pool Contract**

All personnel who will be involved in testing PSY100 participants must sign the contract on page 2 of this file.

One contract is sufficient to cover all experiments in a laboratory, but each experimenter **MUST** sign the contract.

If additional experimenters join the lab after you have submitted the original contract they must sign and submit an amendment to the contract (available on page 3 of this file).

Submit a digital copy of the signed contract to  
PSY100.experiments@utoronto.ca.
